CAREER SUMMARY

Computer Engineering student (2025) with hands-on experience in web development through internships and Hackathons. Skilled in front-end technologies, Core PHP, database integration, and Python fundamentals. Strong Problem-solving ability with experience in team-based project execution.

WORK EXPERIENCE

Web Developer Intern, Wadprog Technologies Pvt. Ltd Jan 2025 – Apr 2025

- Developed responsive front-end components and backend logic using Core PHP.
- Worked on database-driven web applications and dynamic content handling.
- Collaborated with team members to implement features and fix bugs.
- Gained practical exposure to full-stack web development workflows

Web Developer Intern, Midnight Pvt. Ltd June 2024-Jul2024

- Designed and developed a dynamic product-based website using HTML, CSS, and JavaScript, ensuring responsive design and cross-browser compatibility.
- Integrated backend database connectivity to manage product data efficiently, enabling smooth data retrieval and user interactions.
- Enhanced user experience by implementing intuitive UI components, improving navigation structure, and optimizing page load performance.
- Assisted in functional testing, identified and resolved bugs, and contributed to overall website performance improvements through debugging and code refinement.

TECHNICAL SKILLS

Languages: Python
Database Management: MySQL
Scripting/Programming: JavaScript
Markup Language: HTML
Style Sheet Language: CSS
Server-Side Scripting: Core PHP
Statistical Programming: R

PROJECTS

• Disaster Management Application – National-level hackathon project
• Student Attendance Management System – District-level hackathon project
• Self-Balancing Robot – College-level hardware–software integration project
• Movie Recommendation System – Python-based content recommendation system

EDUCATION

Master of Data Science, Symbiosis International University, 2025 - 2027
Bachelor of Engineering in Computer Engineering (2021–2025), Gujarat Technological University — CPI: 8.68, SPI: 10.00
